FROM THE CHAIRMAN AND CEO

On behalf of the American Society of Interventional Pain Physicians Board of Directors, it is my privilege and pleasure to invite you to attend the Comprehensive Review Course and Cadaver Workshop in Spinal and Non-Spinal Interventional Techniques, June 20-21, 2014 in St. Louis, MO.

We offer this program to meet the continuing needs of interventionalists, based on input and needs assessment over the years. We have created a state-of-the-art educational program of didactics and hands-on training covering various interventional techniques. The course accommodates the varied training levels of our participants.

On the first day we provide a comprehensive didactic course covering spinal interventional techniques for Basic and Intermediate levels and non-spinal interventional techniques for the advanced level. This course is an essential component for interventional pain physicians and provides education opportunities to assist you in providing high quality, competent, safe, accessible, and cost-efficient services to your patients.

The second day we move to the lab for a comprehensive hands-on cadaver workshop. Participants will experience a comprehensive and intense learning opportunity focusing on specific levels of learning. Participants will also benefit from the experience of individual physicians across the United States. Physicians can improve existing skills and learn new skills.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this course to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium. Our faculty consists of many experts in the field of interventional techniques. ASIPP courses focus on doing the right things, the right way, and for the right reasons.

We hope you will make your plans early to attend. We look forward to seeing you in St. Louis. If you have any questions, please feel free to contact me at 2831 Lone Oak Road, Paducah, KY 42003, phone: 270-554-8373 ext. 101, fax: 270-554-8987, or e-mail: drm@asipp.org

Thank you,

Laxmaiah Manchikanti,
Chairman of the Board and Chief Executive Officer, ASIPP

DESCRIPTION

This 2-day comprehensive review course and cadaver workshop on spinal interventional techniques (basic and intermediate levels) and non-spinal interventional techniques. Participants experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

TARGET AUDIENCE/PURPOSE

This intensive review course in spinal and non-spinal interventional techniques is planned as a CME activity for interventional pain physicians—for review, skills improvement or to fulfill state board requirements for CME hours.

OBJECTIVES

- After this course, participants should be able to:
- Describe the delivery of multiple aspects of interventional pain management.
 - Review multiple areas of interventional pain management including spinal and non-spinal techniques.
 - Demonstrate skills through interactive hands-on cadaver workshop.

OUTCOME

Physicians should be able to integrate multiple aspects of spinal and non-spinal techniques in interventional pain management in treating their patients so that patients have better outcomes and reduced side effects.

ACCREDITATION STATEMENT

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) thru the Joint Sponsorship of the Institute for Medical Studies (IMS) and the American Society of Interventional Pain Physicians (ASIPP). IMS is accredited by the ACCME to provide continuing medical education for physicians.

CATEGORY I CREDIT

The Institute for Medical Studies designates this live educational activity for a maximum of 15.25 *AMA PRA Category 1 Credits*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AMERICANS WITH DISABILITIES ACT & SPECIAL SERVICES

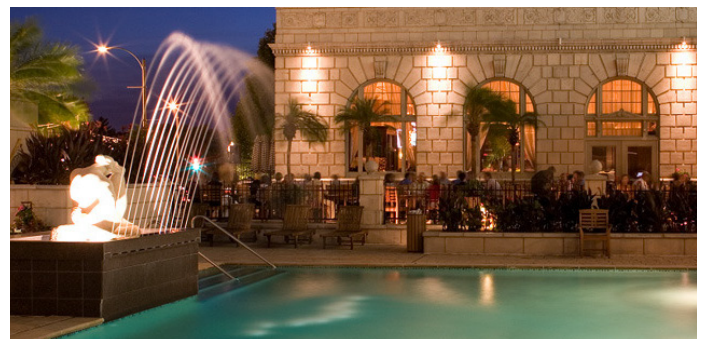

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

ACCOMMODATIONS

CHASE PARK PLAZA

212 N. Kingshighway, St. Louis, MO 63108 - (877) 587-2427

DIDACTICS

FRIDAY, JUNE 20, 2014

7:00am–8:00am	REGISTRATION AND BREAKFAST		
	GENERAL SESSION		
8:00am – 8:45am	Introduction - Ramsin Benyamin, MD		
8:45am – 9:45am	Fluoroscopy and Needle Placement - Arhtur Watanabe, MD		
9:45am – 10:45am	Image Interpretation - Frank J.E. Falco, MD		
10:45am – 11:15am	BREAK		
	Basic	Intermediate	Non-Spinal
11:15am – 12:00pm	Caudal Epidural Injections Hans Hansen, MD	Thoracic and Cervical Interlaminar Epidural Injections Alan Kaye, MD, PhD	Lumbar Sympathetic Blocks Ramsin Benyamin, MD
12:00pm – 12:45pm	Lumbar Interlaminar Epidural Injections Jay Grider, MD, PhD	Thoracic Facet Blocks and Radio-frequency Thermoneurolysis Frank Falco, MD	Hypogastric Plexus Blocks Andrea Trescot, MD
12:45pm – 1:45pm	LUNCH		
1:45pm – 2:30pm	Lumbar/Sacral Transforaminal Epidural Injections Hans Hansen, MD	Lumbar Facet Blocks and Radiofrequency Thermoneurolysis Andrea Trescot, MD	Celiac Plexus and Splanchnic Nerve Blocks Arthur Watanabe, MD
2:30pm – 3:15pm	Sacroiliac Joint Injections Alan Kaye, MD, PhD	Cervical Facet Blocks and Radio-frequency Thermoneurolysis Jay Grider, MD, PhD	Stellate Ganglion Blocks Matthew Ruppert, MD
3:15pm – 3:45pm	BREAK		
3:45pm – 4:30pm	Lumbar/Sacral Facet Joint Nerve Blocks Arthur Watanabe, MD	Lumbar Discography Frank Falco, MD	Trigeminal Nerve and Ganglion Blocks Matthew Ruppert, MD
4:30pm – 5:15pm	Complications of Interventional Techniques Ramsin Benyamin, MD	Percutaneous Adhesiolysis Hans Hansen, MD	Intercostal Nerve Blocks Jay Grider, MD, PhD
5:15pm	ADJOURN		

HANDS-ON INSTRUCTION

SATURDAY, JUNE 21, 2014

6:45am	SHUTTLES DEPART FROM HOTEL
7:00am – 8:00am	Registration and Breakfast
8:00am – 8:30am	Introduction - Hans Hansen, MD
8:30am – 12:00pm	Hands-on Cadaver Session
12:15pm – 1:15pm	LUNCH
1:15pm – 5:00pm	Hands-on Cadaver Session
5:00pm	ADJOURN

MEETING PRESENTATIONS CAN BE ACCESSED AT THE FOLLOWING WEB ADDRESS:

E-mail: june2014@asipp.org
Password: asipp2014

COURSE LEVELS

BASIC

1. Fluoroscopy Positioning
2. Lumbar/Sacral Facet Joint Nerve Blocks
3. Lumbar/Sacral Transforaminal Epidural Injections
4. Lumbar Interlaminar Epidural Injections
5. Caudal Epidural Injections
6. Sacroiliac Joint Injections

INTERMEDIATE

1. Cervical Facet Blocks and Radiofrequency Thermoneurolysis
2. Thoracic Facet Blocks and Radiofrequency Thermoneurolysis
3. Lumbar Facet Blocks and Radiofrequency Thermoneurolysis
4. Thoracic and Cervical Interlaminar Epidural Injections
5. Lumbar Discography
6. Percutaneous Adhesiolysis

NON-SPINAL

1. Stellate Ganglion Blocks - Supine
2. Trigeminal Nerve and Ganglion Blocks - Supine
3. Celiac Plexus and Splanchnic Nerve Blocks
4. Intercostal Nerve Blocks
5. Hypogastric Plexus Blocks
6. Lumbar Sympathetic Blocks

SPINAL INTERVENTIONAL TECHNIQUES (BASIC AND INTERMEDIATE) AND NON-SPINAL INTERVENTIONAL TECHNIQUES

JUNE 20-21, 2014

REGISTRATION

REGISTRATION INFORMATION

IMPORTANT. Please answer all the questions:

Primary Specialty Certification:

- Anesthesiology Psychiatry
 Neurosurgery Other: _____

Pain Medicine Subspecialty Certification:

- ABMS (Anesthesiology, PM&R, Neurology, Psychiatry, Emergency Medicine)
 American Board of Pain Medicine
 American Board of Interventional Pain Physicians
 Fellow of Interventional Pain Practice (FIPP)

Percentage of Interventional Pain Management Practice:

- 0% 1-25% 26-50% 51-75% > 75%

Years in Interventional Pain Management practice:

- 0 1-5 6-10 > 10

Please select one of the following:

- Basic
 Intermediate
 Non-Spinal

Total number of procedures performed during past year:

	LOCATION		
	ASC	HOPD	Office
Sacroiliac Joint Injections	_____	_____	_____
Caudal Epidural Injections	_____	_____	_____
Lumbar Interlaminar Epidural Injections	_____	_____	_____
Lumbar/Sacral Facet Joint Nerve Blocks	_____	_____	_____
Lumbar/Sacral Transforaminal Epidural Injections	_____	_____	_____
Thoracic and Cervical Interlaminar Epidural Injections	_____	_____	_____
Lumbar Facet Blocks and Radiofrequency Thermoneurolysis	_____	_____	_____
Thoracic Facet Blocks and Radiofrequency Thermoneurolysis	_____	_____	_____
Cervical Facet Blocks and Radiofrequency Thermoneurolysis	_____	_____	_____
Lumbar Discography	_____	_____	_____
Percutaneous Adhesiolysis	_____	_____	_____
Lumbar Sympathetic Blocks	_____	_____	_____
Hypogastric Plexus Blocks	_____	_____	_____
Intercostal Nerve Blocks	_____	_____	_____
Celiac Plexus and Splanchnic Nerve Blocks	_____	_____	_____
Stellate Ganglion Blocks	_____	_____	_____
Trigeminal Nerve and Ganglion Blocks - Supine	_____	_____	_____
