**FROM THE CHAIRMAN**

On behalf of the Board of Directors of the American Society of Interventional Pain Physicians (ASIPP), I would like to invite you to one of the most comprehensive and useful educational conferences available anywhere. The ASIPP Comprehensive

Review Courses and Exams in Controlled Substance Management and Coding, Compliance and Practice Management will be held in Phoenix, AZ, during the week of February 24-26, 2012.

Since we began offering the Competency Review courses in 2005, it has become recognized as a "must attend" training event for interventional pain physicians and physicians just entering interventional pain management or in-training

and physicians appearing for board examinations by various boards. The Coding, Compliance and Practice Management is so beneficial to practices, both office-based and ASCs, that many physicians send their staff early to keep them current on the cutting edge aspects of practice management.

These intensive review courses are designed to present interventional pain management specialists and other health care providers an in-depth review of multiple areas of interventional pain management—the areas we were never taught, yet are crucial for our survival. The course features many nationally recognized experts in pain management billing and coding and practice management as well as controlled substance management. In today's environment of regulations and litigations, you can't afford not to broaden your knowledge and refresh your skills in these areas.

In addition to the review course, the American Board of Interventional Pain Physicians (for physicians) and the American Association of Allied Pain Management Professionals (for non-physicians) offers the opportunity for examination in order for physicians to obtain competency certification and non-physicians to obtain associate certificates in Controlled Substance Management and Coding, Compliance, and Practice Management.

We hope you will join us in exciting Phoenix, for this once-a-year educational event. Whether you have practiced pain medicine or interventional pain management for years, if you are new to the discipline, or if you are in training—the ever-changing field of medicine, practice management, and rules and regulations associated with these specialties makes this an essential course for you.

Sincerely,

Laxmaiah Manchikanti, MD  
Chief Executive Officer and Chairman of the Board, ASIPP

### STATEMENT OF NEED

These two-day comprehensive review courses are planned as a CME activity to prepare for competency certification or an in-depth review in areas of controlled substance management and coding, compliance, and practice management. This review course is based on the American Board of Interventional Pain Physicians' specifications for competency certification examinations.

This course will provide in-depth evaluation of the knowledge of the participants with extensive review of subject(s).

As part of this comprehensive, in-depth, intense two-day review course, ASIPP will provide participants with a syllabus with outlines of the lectures and accompanying questions.

### EDUCATIONAL OBJECTIVES/TARGET AUDIENCE

The courses are intended to present interventional pain management specialists, nurses, and other healthcare providers an in-depth review of multiple areas of interventional pain management including controlled substance management.

### EDUCATIONAL OBJECTIVES FOR CONTROLLED SUBSTANCE MANAGEMENT:

- Review basic science and core concepts
- Discuss pharmacology
- Identify clinical use and effectiveness
- Identify substance abuse
- Discuss topics with documentation, regulatory issues, legal issues, and ethical issues

### EDUCATIONAL OBJECTIVES FOR CODING, COMPLIANCE, AND PRACTICE MANAGEMENT:

- Discuss documentation
- Review practice management topics
- Discuss coding and billing
- Examine compliance issues

### OUTCOME

Participants in the Controlled Substance Management Course should be able to apply the fundamental concepts of managing controlled substances in your practice, from pharmacology and the clinical uses to identifying abuse and the legal aspects of prescribing, for better outcomes and reduced side effects. Participants in the Coding, Compliance and Practice Management Course will learn to operate comprehensive interventional pain care centers more efficiently, so that patients will receive the best care available.

### AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

### THERE IS NO COMMERCIAL SUPPORT FOR THIS COURSE.

**No duplication or distribution of materials, or recording of lectures associated. There is NO commercial support for this course.**

### ACCREDITATION AND CME CREDIT STATEMENTS

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education thru the Joint Sponsorship of the Institute for Medical Studies (IMS) and ASIPP. IMS is accredited by the ACCME to provide continuing medical education for physicians.

The Institute for Medical Studies designates this educational activity for a maximum of 14.75 and 15.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### RN, NP AND PA CREDIT

Nurses may claim credit for activities approved for *AMA PRA Category 1 Credits™* in most states, for up to 50% of the nursing requirement for recertification. This activity is designated for up to 15.5 *AMA PRA Category 1 Credits™*.

Nurse Practitioners: The American Academy of Nurse Practitioners (AANP) accepts *AMA PRA Category 1 Credit(s)™* from organizations accredited by the ACCME. IMS is accredited to provide continuing medical education for physicians and will provide nurse practitioners who successfully complete each activity with a certificate of participation indicating that the activity was designated for *AMA PRA Category 1 Credit(s)™*.

The American Academy of Physician Assistants (AAPA) accepts *AMA PRA Category 1 Credits™* from organizations accredited by the ACCME. The provider of this program, the Institute for Medical Studies, is accredited by the ACCME and designates this educational activity for a maximum of 15.5 *AMA PRA Category 1 Credits(s)™*. Physician assistants should only claim credit commensurate with the extent of their participation in the activity.
