### **Laxmaiah Manchikanti, MD**

Chief Executive Officer, ASIPP  
Associate Clinical Professor of Anesthesiology and Perioperative Medicine,  
University of Louisville, Louisville, KY  
Medical Director, Pain Management Center of Paducah, KY

Laxmaiah Manchikanti, MD, is the Medical Director of the Pain Management Center of Paducah and Ambulatory Surgery Center in Paducah, Kentucky, encompassing a multidisciplinary pain program. He is also Associate Clinical Professor of Anesthesiology and Perioperative Medicine of the University of Louisville in Louisville, Kentucky.

He has been in private practice in Paducah, Kentucky, since completion of a fellowship in anesthesiology and critical care medicine in 1980. He graduated from Gandhi Medical College, Osmania University Hyderabad, India. He completed his internship and residency in anesthesiology at Gandhi Hospital, Youngstown Hospital Association, (North Eastern Ohio School of Medicine), Allegheny General Hospital, and his fellowship in anesthesiology and critical care medicine at the University of Pittsburgh.

Dr. Manchikanti is certified by the American Board of Anesthesiology along with subspecialty certification in Pain Medicine, the American Board of Interventional Pain Physicians (ABIPP) and is a Fellow in Interventional Pain Practice (FIPP). Dr. Manchikanti is a member of numerous professional societies and associations. He is the founder and Chief Executive Officer of the American Society of Interventional Pain Physicians and Society of Interventional Pain Management Surgery Centers, *Pain Physician* journal, and many State Societies of Interventional Pain Physicians. He is also the founder of ABIPP and the ASIPP Foundation.

He is currently on the Board of Regents at Murray State University. He has served in the past as a member of the Medicare Coverage Advisory Committee (MCAC) and Kentucky Board of Medical Licensure (KBML). Through his work with various organizations, Manchikanti has been instrumental in the preservation of Interventional Pain Management through specialty designation, mandatory CAC representation, reimbursement, and the passage of NASPER. Manchikanti has testified before Congress on various occasions as an expert witness on controlled substance management and interventional pain management.

Dr. Manchikanti has multiple academic interests; initially in anesthesiology followed by Interventional Pain Management, not only the scientific aspects, but also practice management aspects. He has published over 230 publications and serves on several editorial boards.

Dr. Manchikanti is also the editor of five books designed for interventionalists:

- *Interventional Techniques in Chronic Non-Spinal Pain*. In press, 2008
- *Interventional Techniques in Chronic Spinal Pain*. 2007
- *Low Back Pain: An Interventional Approach to Diagnosis and Treatment*. 2002
- *Documentation, Coding & Billing in Interventional Pain Medicine*. 2002
- *Principles of Documentation, Billing, Coding & Practice Management for the Interventional Pain Professional*. 2004
