• 50% Off Meeting Fee to Fellows & Residents
• Special Early Bird room rates
FROM THE CHAIRMAN OF THE BOARD AND CEO

On behalf of the Board of the American Society of Interventional Pain Physicians (ASIPP®), it is our privilege and pleasure to invite you to attend this Hands-On Cadaver Workshop in Interventional Techniques, including online lectures. The workshop will occur October 22, 2016 in Orlando, Florida at the University of Central Florida, College of Medicine with the host hotel being Caribe Royale.

This unique course meets the continuing needs of interventionalists, based on input and needs assessment over the years and is a cutting edge educational program. It entails the equivalent of 2 days of online lectures and 1 day of hands-on cadaver workshop covering various levels of interventional techniques.

The online lectures from a recent interventional techniques course are supplied for viewing prior to the cadaver workshop and will remain available for future reference. A printable version of the lectures are included.

The 1-day Cadaver Workshop involves comprehensive review of interventional techniques. This Cadaver Workshop is an essential component for interventional pain physicians and provides education opportunities to assist you in providing high-quality, competent, safe, accessible, and cost-efficient services to your patients.

The Cadaver Workshop is fashioned to accommodate training levels and capacity of participants. Physicians can choose from basic, intermediate, or ABIPP examination preparation course levels to mirror your needs and skill level.

The course provides necessary CME credits and/or an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity focused on meeting their needs at the highest level of medical education.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this course and cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium.

We look forward to seeing you in Orlando. If you have questions, please feel free to contact the ASIPP office at 81 Lakeview Drive, Paducah, KY 42001, phone: 270-554-9412, fax: 270-554-5394, or e-mail: asipp@asipp.org

Thank you,

Laxmaiah Manchikanti, MD
STATEMENT OF NEED

This Interventional Techniques Course includes: 1-day hands on cadaver workshop, video lectures, and PDF copies of the video presentations.

The online lectures and cadaver workshop is planned as a CME activity to prepare for ABIPP or an in-depth review in areas of interventional techniques. This review course and cadaver workshop is based on the American Board of Interventional Pain Physicians' requirements.

This course will provide in-depth evaluation of the knowledge of the participants with extensive review of subject(s).

As part of the comprehensive, in-depth, intense review course, ASIPP® will provide participants with online lectures.

EDUCATIONAL OBJECTIVES/TARGET AUDIENCE

This comprehensive review course and cadaver workshop for interventional techniques is targeted to interventional pain physicians seeking CME credit hours and introduction or review of proven interventional techniques, as well as skills improvement and/or to fulfill CME hours.

EDUCATIONAL OBJECTIVES

• Review basic science and core concepts
• Attain understanding of interventional techniques
• Incorporate interventional techniques in treating your patients so that patients have better outcomes and reduced side effects
• Provide high-quality, competent, safe, accessible, and cost-efficient services to your patients
• Improve existing skills and/or develop new skills in the delivery of interventional techniques
• Review infection control and complications

OUTCOME

Physicians should be able to integrate multiple aspects of interventional techniques in treating their patients so that patients have better outcomes.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians (ASIPP®). The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

ASIPP® is now an ABA Registered CME Provider.

CATEGORY I CREDIT

The Institute for Medical Studies designates the online lectures for a maximum of 16 AMA PRA Category 1 Credits™ for the Interventional Techniques Review Course and this live activity 8 AMA PRA Category 1 Credits™ for Cadaver Workshop. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physicians of Osteopathic Medicine — the American Osteopathic Association (AOA) accepts AMA PRA Category 1 Credits™ as AOA Category 2-B credit.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

Duplication or distribution of materials or recording of lectures without express written permission from ASIPP® is prohibited. There is NO commercial support for this course.

ACCOMMODATIONS
